Sleeping Pad	1	A <u>closed cell</u> full body length Thermarest Z Lite is a good option. There are also many open cell (blow-up) options on the market that offer added comfort. Can be borrowed from OOCT.		
EXTRAS				
Non-Camp Clothes for pre-camp & time off		Please remember that pre-camp clothing needs to be 'work' clothes. Limited storage for these items in Topside.		

In order to avoid lost items **EVERYTHING** must be clearly marked with **SEWN-ON NAME TAPES** (MCO will sew in if clothing is ordered by May 1) OR if you choose to use stick-on clothing labels, please test them to make sure they do not come off in the laundry. Sewn-on name tags are definitely the most reliable way to avoid lost clothing.
